4:47:46 PM CptJabberwock: To kill us all at once
4:47:51 PM Warchamp2003: So why was Androu invited to this anyway?
4:47:53 PM justin: @leon, no prob, extra emails are fine :)
4:47:57 PM Warchamp2003: He's just gonna be immature throughout
4:48:02 PM zennus95: Because he's practically our team's blood.
4:48:08 PM Warchamp2003: Nah he's useless
4:48:08 PM CptJabberwock: Because Androu is important?
4:48:09 PM zennus95: Even if he does swear like a sailor.
4:48:09 PM FurCatLeon: Dont worry WarChamp, if he is
4:48:24 PM FurCatLeon: I'll YIFF HIM TO DEATH

4:51:33 PM Warchamp2003: :P
4:51:34 PM FurCatLeon: >_<
4:51:35 PM AndrouMeister: I'm not here

4:51:41 PM justin: alright :) well, let's do this
4:51:43 PM AndrouMeister: Warchamp >:U
4:51:59 PM FurCatLeon: oh geez, this is gonna be the best interview EVER
4:52:15 PM AndrouMeister: If I could talk like I usually do, it would be the WORST and WEIRDEST :-D
4:52:25 PM FurCatLeon: Yup, same
4:52:32 PM justin: I'll number the questions, and you guys just answer, discuss, bicker, whatever, but when the next question comes up, we'll switch to that topic, K? :)
4:52:39 PM CptJabberwock: I'm boring. :-D
4:52:41 PM Warchamp2003: Sounds good
4:52:42 PM CptJabberwock: Kay-O.
4:52:43 PM zennus95: Yep, sure, fine.
4:52:45 PM FurCatLeon: XD
4:52:48 PM AndrouMeister: K-O!
4:52:48 PM FurCatLeon: Yarp

4:52:54 PM zennus95: FLAWLESS VICTORY
4:52:55 PM AndrouMeister: K
4:53:01 PM zennus95: THIS GAME'S WINNER IS
4:53:04 PM zennus95: CAPTAIN FALCON
4:53:07 PM FurCatLeon: NO
4:53:07 PM AndrouMeister: YES!
4:53:08 PM zennus95: "Show ya moves!"
4:53:21 PM FurCatLeon: I hate Captain Falcon
4:53:30 PM AndrouMeister: Eff you!
4:53:32 PM zennus95: Do you also hate sunshine and kittens?
4:53:34 PM justin: 1. What are your gaming loyalties? Are all of you lifetime Nintendo fans? just smash bros?
4:53:58 PM AndrouMeister: Well sir, the Wii is actually the first Nintendo game system I cared about
4:54:00 PM zennus95: I've been a lifetime Nintendo fan, but recently I've become disillusioned.
4:54:02 PM zennus95: Like many.
4:54:05 PM AndrouMeister: I'm more of a PS2 man.
4:54:14 PM Warchamp2003: 1. I've been a long time Nintendo fan and always loved Smash Bros. but as of recently, Nintendo has really been rejecting the gamers in favor of soccer mom's and little girls
4:54:15 PM AndrouMeister: PS2 and PSP for the win.
4:54:22 PM CptJabberwock: 1. I'm a lifetime Nintendo fan, yar. I mean, not die-hard.
4:54:25 PM zennus95: Warchamp pretty much summed it up.
4:54:32 PM FurCatLeon: I'm a Hardcore Nintendo Fan, but I do play other consoles, well, I've been playing Nintendo for a good majority in my life
4:54:32 PM CptJabberwock: I'm multi-console.
4:54:47 PM zennus95: "Thank you for supporting our games and consoles since 1985! Now screw you we want to talk to your mom"
4:54:48 PM CptJabberwock: I own a Wii, PS2, PSP, and a 360.
4:54:52 PM AndrouMeister: Jim was released on multiple consoles?
4:54:53 PM Warchamp2003: Aside from Smash Bros, I'm mainly involved with PC gaming
4:55:00 PM CptJabberwock: Ah, yes
4:55:02 PM FurCatLeon: I play other consoles, but I'm more attracted to Nintendo consoles
4:55:06 PM CptJabberwock: I also do some PC gaming.
4:55:06 PM AndrouMeister: I would be a PC gamer if my PC didn't SUCK
4:55:19 PM justin: nice, yeah, i agree with you guys for the most part, nintendo is definitely not listening to us all the time....if ever lately
4:55:31 PM CptJabberwock: Well, they are a company.
4:55:34 PM CptJabberwock: And in this economy
4:55:41 PM CptJabberwock: They gotta do what they gotta do to get money.
4:55:44 PM zennus95: I own a Wii, PS2, PSP, SNES Model 2, NES signed by Thor Aackerlund (NWC 1990), Genesis 2, the list goes on.

4:55:54 PM zennus95: Are you going to ask us what our favorite games are or something?

4:55:57 PM FurCatLeon: I has, NES, SNES, GB,. GBC,. GBA, DS (lite), GCN, N64, Wii, Xbox, Xbox360, PSone, PS2 and I recently got a PSP

4:56:12 PM AndrouMeister: I play the PS2 and PSP more than the Wii

4:56:16 PM CptJabberwock: I am a bit...unhappy with Nintendo, but I'm not gonna abandon ship.

4:56:19 PM FurCatLeon: Wii FTW

4:56:20 PM AndrouMeister: IDK why it's kinda sad.

4:56:22 PM justin: yes: **2. What are your all-time favorite Nintendo-games?**

4:56:26 PM zennus95: I got my SNES Model 2 at a thrift for 3 american dollars :D

4:56:32 PM FurCatLeon: oh geez, this is tough

4:56:33 PM AndrouMeister: 2. Too hard to choose!

4:56:37 PM CptJabberwock: Hrm.

4:56:43 PM AndrouMeister: My favorite series is Metal Gear, tho

4:56:43 PM zennus95: Well, my favorite game ever is Paper Mario on the good old N64.

4:56:47 PM AndrouMeister: I'm sad that I will never play MGS4

4:56:48 PM CptJabberwock: ...I'm gonna have to go with Pokemon games.

4:56:53 PM zennus95: I feel PM2 was trying too hard and SPM raped the series.

4:56:54 PM AndrouMeister: Because I don't have a PS3 and I don't want a PS3

4:57:02 PM CptJabberwock: Blue Version was the first game I ever owned.

4:57:05 PM zennus95: My favorite series however.

4:57:07 PM AndrouMeister: The Shin Megami Tensei was a recent addition to my life too :-D

4:57:08 PM justin: yeah, blue rocked!

4:57:09 PM zennus95: Is Wario Land.

4:57:14 PM zennus95: Specifically, 2 and 3.

4:57:19 PM Warchamp2003: All-time games are probably Melee and Brawl. Outside of Smash Bros, I'd probably say Legend of Zelda: Ocarina of Time

4:57:20 PM FurCatLeon: My top 5 series are

4:57:22 PM zennus95: Those games are pretty much the best platformers ever.

4:57:33 PM CptJabberwock: My favorite Nintendo titles...

4:57:35 PM AndrouMeister: Yes. Wario Land 2 and 3 are great.

4:57:38 PM zennus95: I even own a Wario Land hat, custom-made.

4:57:42 PM AndrouMeister: Awwwwwwwww, good ol' times.

4:57:52 PM zennus95: I got Phreeq on my team to photoshop me a logo to ink it on.

4:57:57 PM FurCatLeon: Smash Bros, Legend of Zelda (3d), Pokemon (all handheld) uh oh, I LOVE Star Fox games and

4:58:01 PM AndrouMeister: Yeah, I remember that PZT.

4:58:08 PM AndrouMeister: When the team was only 3 guys...

4:58:22 PM zennus95: Yeah, times were pretty good then.

4:58:26 PM CptJabberwock: Pokemon games, Wario Ware, Paper Mario: TTYD, Legend of Zelda: The Wind Waker (I like it more than OoT, sue me).

4:58:32 PM AndrouMeister: Oh! Also! To my favorite games, KOEI's Warriors series.

4:58:35 PM zennus95: I really dislike WarioWare.

4:58:36 PM [AndrouMeister](#): Like, Dynasty Warriors and such.

4:58:38 PM [zennus95](#): Reaaaaaally.

4:58:38 PM [CptJabberwock](#): I was rather fond of Wario Land Four.

4:58:39 PM [FurCatLeon](#): Twilight Princess was my favorite

4:58:40 PM [justin](#): all great games! ok, now for some smash talk :)

4:58:47 PM [Warchamp2003](#): The only Nintendo series I don't like is the Metroid series, hate it.

4:58:47 PM [zennus95](#): Mains?

4:58:50 PM [justin](#): 3. Who's your favorite Smash Bros. character?

4:58:55 PM [AndrouMeister](#): Snake!

4:58:56 PM [FurCatLeon](#): Link

4:58:57 PM [Warchamp2003](#): Falco

4:58:57 PM [justin](#): Brawl or otherwise

4:59:03 PM [CptJabberwock](#): POKEMONNNN TRAINEEEER

4:59:05 PM [zennus95](#): Fox!

4:59:06 PM [AndrouMeister](#): Not even need to ask since I said MGS is my favorite series.

4:59:08 PM [zennus95](#): FOXXXXXXXXXXXXXXXXXXXX

4:59:15 PM [FurCatLeon](#): for the pure Fact I AM a UBER SUPER DUPER ULTRA HARCORE Zelda Fanboy

4:59:29 PM [CptJabberwock](#): Pokemon Trainer, due to him tweakin' my nostalgia cord.

4:59:32 PM [Warchamp2003](#): Definitely Falco, he's fast but still packs a punch

4:59:33 PM [AndrouMeister](#): Link is a pussy. Snake is better :-D

4:59:37 PM [FurCatLeon](#): Although he isn't one of my mains for fighting strangley enough

4:59:45 PM [AndrouMeister](#): Screw Falco. He's screwed without his BREAD.

4:59:45 PM [justin](#): well, i'm a Bowser fan myself :)

4:59:46 PM [CptJabberwock](#): And a moment of silence for Mewtwo

4:59:55 PM [AndrouMeister](#): Bowser is awesome, but too slow for me.

4:59:59 PM [Warchamp2003](#): Bowser's cool, I've seen a really good Bowser before

5:00:02 PM [AndrouMeister](#): My mains are Snake, Sonic, Ness and Lucas.

5:00:04 PM [FurCatLeon](#): My others are ... Toon Link, Ike, Sonic, Ganondorf and Wolf

5:00:05 PM [CptJabberwock](#): Mewtwo was my Melee main.

5:00:13 PM [FurCatLeon](#): (those are my mains and favorites)

5:00:17 PM [justin](#): we'll all have to brawl sometime ;) see how good we all are ;)

5:00:19 PM [AndrouMeister](#): Roy was my Melee main

5:00:24 PM [AndrouMeister](#): Too baaaaaaaad

5:00:27 PM [FurCatLeon](#): I suck at Brawl

5:00:28 PM [AndrouMeister](#): I don't have Wai Fai

5:00:30 PM [AndrouMeister](#): :-D

5:00:37 PM [zennus95](#): Fox owns.

5:00:38 PM [Warchamp2003](#): I have no competitive people in my area, I've been to two tournaments before though, pretty big ones too

5:00:38 PM [CptJabberwock](#): But in Brawl, I stick with Pokemon Trainer, Toon Link, and Ice Climbers.

5:00:45 PM zennus95: I mained him in Melee, I mained him in Brawl.

5:00:47 PM FurCatLeon: I like to think I'm good, but I'm pretty bad at playing

5:00:55 PM CptJabberwock: I'm down-right awful.

5:01:00 PM AndrouMeister: I never cared about PKMN Trainer

5:01:05 PM AndrouMeister: Until I finished FireRed

5:01:05 PM justin: yeah, i just wish the brawl online was a little more reliable :/

5:01:16 PM zennus95: FRIEND COOOOOODES

5:01:18 PM FurCatLeon: PKMN Trainer is really fun to play as

5:01:26 PM CptJabberwock: I actually just came from some wi-fi matches.

5:01:27 PM FurCatLeon: But I wanted a different line up

5:01:29 PM Warchamp2003: Ugh, friend codes are one of the worst ideas ever

5:01:34 PM CptJabberwock: I won a total of....three.

5:01:38 PM CptJabberwock: Out of like fifteen.

5:01:45 PM zennus95: Hey Justin, do you remember me at the SSBB GS tourney?

5:01:47 PM FurCatLeon: Charmander <3 ... Warttortle and Venusaur would've been
LOL

5:01:53 PM zennus95: I got stuck with Zelda and got owned, first round?

5:01:59 PM CptJabberwock: Charizard plz.

5:02:01 PM justin: i remember the tourney, not sure if i remember you specifically :/

5:02:04 PM AndrouMeister: The PKMN Trainer needed an evolving gimmick

5:02:15 PM AndrouMeister: It would be so weird and...weird

5:02:16 PM FurCatLeon: PZT, sounds like your life story doesnt it?

5:02:30 PM FurCatLeon: tee hee hee

5:02:33 PM CptJabberwock: PKMN Trainer needed an ACTUAL Gameboy Color style
costume.

5:02:41 PM AndrouMeister: Well Jim

5:02:44 PM zennus95: You made it.

5:02:44 PM AndrouMeister: That's where you came in

5:02:45 PM Warchamp2003: That's why we're here Jim

5:02:50 PM FurCatLeon: Hence why we made one (well, Jim did)

5:02:55 PM zennus95: To right Nintendo's wrongs.

5:03:01 PM zennus95: To eliminate the mistakes of the past.

5:03:03 PM CptJabberwock: Well, the wrongs had to be righted.

5:03:06 PM justin: Ok, do you guys want to chat about your whole process for the
Smash editing?

5:03:11 PM CptJabberwock: ...and although I HATE Lucario

5:03:13 PM zennus95: Yep, sure, go on.

5:03:20 PM CptJabberwock: I cannot see why he didn't have his Shiny Colors.

5:03:21 PM FurCatLeon: Its kinda boring to be hoenst (to talk about)

5:03:24 PM Warchamp2003: That process has come a long way now

5:03:30 PM Warchamp2003: It's become much easier

5:03:34 PM AndrouMeister: The process was annoying as ****!

5:03:41 PM FurCatLeon: OMG

5:03:43 PM zennus95: Androu can sum it up.

5:03:43 PM AndrouMeister: Then ASH came. And everyone was happy.

5:03:46 PM **justin**: k, 4. Is the editing based on a specific hack? or does it leverage the Homebrew channel?

5:03:47 PM **zennus95**: The original process.

5:03:49 PM **FurCatLeon**: ANDROU USED ****'s

5:03:57 PM **FurCatLeon**: >_<

5:03:58 PM **zennus95**: Well, there's two methods.

5:04:04 PM **zennus95**: Disc burning.

5:04:08 PM **zennus95**: And SD card loader.

5:04:11 PM **Warchamp2003**: The old way was obviously Disc burning

5:04:11 PM **CptJabberwock**: Yarr.

5:04:15 PM **FurCatLeon**: SD loader is very new though

5:04:18 PM **Warchamp2003**: And there were a lot of steps involved

5:04:23 PM **AndrouMeister**: Even tho SD Card Loader doesn't support music, and other stuff

5:04:39 PM **FurCatLeon**: Make PCS, Insert onto the image, burn Disc, play it

5:04:44 PM **FurCatLeon**: hope it works

5:04:47 PM **zennus95**: SD loader is basically putting a set of codes on the SD card telling the game to dynamically replace certain files.

5:04:56 PM **AndrouMeister**: Gee Leon, you make it sound easy and fast

5:04:58 PM **CptJabberwock**: Haaa, we're kidding. It all relies on Smash Fairies.

5:04:58 PM **Warchamp2003**: With disc burning, all textures had to be manually hexxed into the ISO, then burnt to a DVD just to see if it even worked

5:05:10 PM **Warchamp2003**: And hexxing was a monotonous and tedious process

5:05:18 PM **FurCatLeon**: WarChamp, dont lie

5:05:22 PM **zennus95**: Hexxing was easy but long and BORING.

5:05:23 PM **FurCatLeon**: you use Wiiscrubber

5:05:32 PM **Warchamp2003**: I can't imagine how many DVDs some of our members went through

5:05:35 PM **FurCatLeon**: it does it automatically after you've hexxed up the PAC and PCS

5:05:44 PM **AndrouMeister**: I have 2 50 stacks

5:05:44 PM **Warchamp2003**: That's what I'm referring to Leon

5:05:50 PM **AndrouMeister**: I even threw away some that didn't even work.

5:05:54 PM **Warchamp2003**: Hexxing the PAC and PCS files

5:05:56 PM **justin**: 5. So was the sd loader possible before the newest 4.0 update?

5:05:58 PM **AndrouMeister**: So...

5:05:59 PM **AndrouMeister**: A lot of discs.

5:06:04 PM **FurCatLeon**: Androu, I had about 30 altogether last time I checked

5:06:05 PM **zennus95**: Ahem.

5:06:08 PM **zennus95**: 4.0 breaks it.

5:06:15 PM **justin**: ah, ok

5:06:15 PM **zennus95**: 4.0 crushes dreams and hopes.

5:06:24 PM **FurCatLeon**: Not if your a sneaky sod like me :-D

5:06:27 PM **AndrouMeister**: I don't know. I haven't used the SD Loader.

5:06:31 PM Warchamp2003: 4.0 is Nintendo's equivalent of a brick when it comes to Homebrew

5:06:36 PM AndrouMeister: And I still have version 3.2U

5:06:47 PM FurCatLeon: although some users DID make a way top use Homebrew with 4.0

5:06:49 PM zennus95: And they taped a message to that brick and tossed it through our window

5:06:56 PM AndrouMeister: I have Starfall installed to prevent updates anyway

5:06:59 PM justin: yeah, i thought i saw the homebrew on 4.0

5:07:02 PM zennus95: The message was "SCREW OFF"

5:07:07 PM justin: but i'm sure it was a bit handicapped

5:07:15 PM zennus95: It's not even out yet.

5:07:24 PM justin: @ zen: lol, yep

5:07:26 PM CptJabberwock: I think I'm still running 3.6

5:07:34 PM AndrouMeister: Whatever Nintendo does won't be enough

5:07:41 PM AndrouMeister: The hackers will just own them

5:08:00 PM FurCatLeon: Androu is very true in that

5:08:00 PM zennus95: Yes, you can't keep hackers down.

5:08:00 PM AndrouMeister: I AM TRUE

5:08:00 PM zennus95: Look at the PSP homebrew scene.

5:08:00 PM FurCatLeon: although he could've said it a bit better

5:08:06 PM zennus95: Sony kept trying and trying and trying.

5:08:13 PM zennus95: Then they eventually said "screw it"

5:08:26 PM FurCatLeon: Nintendo dont quit I guess

5:08:33 PM justin: yep, sony finally accepted it, and it's not necessarily the worst thing for them

5:08:34 PM AndrouMeister: Nintendo is persistent

5:08:36 PM CptJabberwock: Nintendon't quit.

5:08:42 PM FurCatLeon: They need the money that Pirates steal from them for downloading games

5:08:44 PM AndrouMeister: What Jim said

5:08:49 PM zennus95: It took 3 years and a custom battery for them to say screw it.

5:08:52 PM justin: i remember everyone i knew with a PS1 or 2 bought it and then burned all their games :)

5:09:05 PM FurCatLeon: XD

5:09:07 PM justin: but it still sold more systems and games than anyone, even with that going on

5:09:13 PM CptJabberwock: I tried burning games once.

5:09:13 PM FurCatLeon: to be dead honest, I have to say this

5:09:20 PM CptJabberwock: With lighter fluid and a match.

5:09:22 PM AndrouMeister: I would buy a PS3 if it was pirateable

5:09:23 PM justin: so homebrew is not a bad thing at all

5:09:27 PM FurCatLeon: I have downloaded a couplke of games before for the Wii

5:09:28 PM AndrouMeister: I don't wanna waste my money on crappy PS3 games.

5:09:33 PM zennus95: I, as a hacker, feel offended by the notion that backup loader/modchips only have piracy applications.

5:09:37 PM FurCatLeon: just a couple of Japan only games

5:09:43 PM CptJabberwock: Pff

5:09:45 PM Warchamp2003: Piracy is only made out as bad by greedy corporations and the media

5:09:52 PM CptJabberwock: I imported Tatsunoko vs. Capcom

5:09:57 PM zennus95: I BLAME THE LIBERAL MEDIA

5:09:58 PM zennus95: lol

5:10:00 PM FurCatLeon: I DL'd it Jim

5:10:04 PM AndrouMeister: That's because you COULDN'T PIRATE IT, JIM

5:10:07 PM CptJabberwock: And I imported it.

5:10:12 PM Warchamp2003: My friend makes a living off of his own music. He has an online store where he sells it and on that very site he encourages pirating.

5:10:28 PM justin: yeah, the music industry is starting to accept it

5:10:31 PM FurCatLeon: Sounds good to me

5:10:31 PM justin: and use

5:10:32 PM justin: it

5:10:32 PM zennus95: Justin, next question?

5:10:34 PM CptJabberwock: A masterpiece like that, I don't mind spendin' the dough

5:10:36 PM AndrouMeister: Piracy is like advertising :O

5:10:37 PM justin: ok...

5:10:43 PM Warchamp2003: No they aren't the music industry jsut attacked Pirate Bay >.>

5:10:46 PM FurCatLeon: hold on Justin

5:10:50 PM Warchamp2003: They won't get anywhere

5:10:57 PM FurCatLeon: may I just say something to everyone who will be reading this?

5:11:03 PM justin: yeah, sure

5:11:05 PM zennus95: FIGHT THE POWER

5:11:14 PM CptJabberwock: EAT YOUR CHIDREN

5:11:14 PM Warchamp2003: Don't do drugs kids

5:11:23 PM zennus95: WINNERS DON'T DO DRUGS

5:11:24 PM FurCatLeon: BUY/DOWNLOAD TAIKO NO TATSUJIN WII NOW ITS MUCH BETTER THAN GUITAR HERO

5:11:25 PM AndrouMeister: Kids

5:11:29 PM Warchamp2003: You'll wind up like Androu

5:11:31 PM zennus95: - All your favorite arcade machines

5:11:39 PM FurCatLeon: Im done

5:11:47 PM justin: heh, sounds good, i'll put it in :)

5:11:48 PM AndrouMeister: WT*, Warchamp?! ****

5:12:00 PM CptJabberwock: :O

5:12:08 PM FurCatLeon: Guitar Hero and RockBanmd SUCK BALLZ

5:12:09 PM zennus95: Fun fact: Donkey Konga was a rebranded version of Taiko no Tatsujin.

5:12:11 PM AndrouMeister: I'm gonna asterisk you

5:12:22 PM **FurCatLeon**: PZT, I loved it all the same

5:12:25 PM **justin**: ok, **6. Who's involved on the team? And all you all graphics guys? programmers?**

5:12:36 PM **zennus95**: I think up ideas and update the site.

5:12:43 PM **zennus95**: I also make sure the server doesn't explode.

5:12:50 PM **FurCatLeon**: I do other projects non-involved with Stack Smash (SS)

5:12:51 PM **justin**: 6. In other words, what does it take to do what you guys do?

5:12:51 PM **AndrouMeister**: I was the main artist and hexed a lot of stuff back in the day

5:12:53 PM **justin**: :)

5:12:55 PM **Warchamp2003**: I originally came on board as a hexer and did a costume or two. Hexing is pretty much gone now, I'm more here for ideas and feedback now

5:12:59 PM **FurCatLeon**: But I'm mainly a Graphics guy

5:13:00 PM **AndrouMeister**: Right now, I'm LAZY

5:13:05 PM **AndrouMeister**: I'm soooooooooooooo lazy

5:13:10 PM **AndrouMeister**: I don't do anything anymore

5:13:22 PM **justin**: ok, and define hexing for us n00bs

5:13:25 PM **zennus95**: Dhragen and Spire are who the fans hype up.

5:13:34 PM **zennus95**: And Androu too.

5:13:48 PM **zennus95**: Hexing, hexing...

5:13:53 PM **zennus95**: Androu, can you take this one?

5:13:57 PM **Warchamp2003**: I'm on it

5:14:04 PM **AndrouMeister**: Hexing is when you use a hex editor to put the edited texture files onto a PAC file

5:14:06 PM **FurCatLeon**: I joined the team in late November, left in January (11th) made my own site, shut that down while pulling a HOAX, then re-joined SS after a while just recently

5:14:11 PM **zennus95**: Yeah.

5:14:21 PM **CptJabberwock**: I'm...just an artist.

5:14:24 PM **zennus95**: Leon's hoax got onto GoNintendo as "NINTENDO CLAIMS ANOTHER HACKING TEAM"

5:14:27 PM **FurCatLeon**: fun fun fun eh Jim?

5:14:33 PM **AndrouMeister**: LOL Leon

5:14:34 PM **CptJabberwock**: Nothing more.

5:14:37 PM **Warchamp2003**: Hexing basically comprised of converting the edited textures into a text form and pasting it back into the original character texture

5:14:39 PM **FurCatLeon**: that was NOT meant to happen

5:14:43 PM **zennus95**: GoNintendo has also raped our server's bandwidth twice.

5:14:43 PM **Warchamp2003**: It was a slow and boring process

5:14:52 PM **Warchamp2003**: And in some cases, annoying as all hell

5:14:53 PM **AndrouMeister**: It was also repetitive

5:14:59 PM **justin**: cool, thanks warchamp

5:15:00 PM **FurCatLeon**: What those 2 said

5:15:01 PM **Warchamp2003**: Yes, very repetitive

5:15:01 PM **AndrouMeister**: I call it a copypasta fest

5:15:03 PM **justin**: that makes sense

5:15:23 PM **FurCatLeon**: I'd like to apologize to anyone I lied tpo during that time

5:15:29 PM FurCatLeon: :C

5:15:32 PM AndrouMeister: tpo

5:15:34 PM justin: ok, so mostly a lot of repetitive graphics editing?

5:15:36 PM FurCatLeon: SHUT IT

5:15:38 PM zennus95: Apology accepted

5:15:53 PM CptJabberwock: Well

5:15:53 PM zennus95: Yes, exactly.

5:15:53 PM FurCatLeon: I MAKE A LOT OF TYPOS DANGIT

5:15:53 PM Warchamp2003: Theres tools now that do the hexing part for you

5:16:06 PM zennus95: Now that ASH has came out (Automatic Smash Hexer) anyone can do it and it's a lot easier.

5:16:10 PM FurCatLeon: Aaka ASH

5:16:16 PM AndrouMeister: It's HACKER, not HEXER

5:16:27 PM justin: sweet, yeah, i bet that helps a lot

5:16:28 PM zennus95: Yes grammar nazi, sir.

5:16:31 PM Warchamp2003: I can't talk much about ASH as it came up during my away time

5:16:34 PM FurCatLeon: ASH has brought forth the spree of noob texture artists

5:16:45 PM zennus95: Warchamp's "coma"

5:16:51 PM AndrouMeister: Warchamp's ;

5:16:52 PM zennus95: lol

5:16:52 PM CptJabberwock: ASH is responsible for the 5000 Naruto Ikes.

5:16:54 PM FurCatLeon: and so much rubbish is made these days that I've slowly considered giving up AGAIN

5:17:07 PM zennus95: ASH is responsible for the five billion remakes of Fierce Diety Link.

5:17:09 PM FurCatLeon: Yup, all those

5:17:09 PM justin: 7. What are the future plans for customizing Brawl? Sound editing? Custom game modes?

5:17:12 PM AndrouMeister: Some people

5:17:14 PM AndrouMeister: wait nvm

5:17:20 PM zennus95: Sound editing is already done.

5:17:20 PM FurCatLeon: Models

5:17:23 PM AndrouMeister: My future plans are making BRSTMs

5:17:25 PM zennus95: Well, music editing anyway.

5:17:34 PM zennus95: BRSTM is Brawl's music formats.

5:17:36 PM AndrouMeister: And waiting for a SD Music Loader

5:17:40 PM zennus95: Yes, model hacking is in the cards.

5:17:41 PM FurCatLeon: Yeah

5:17:44 PM CptJabberwock: Models....we'd like to.

5:17:50 PM zennus95: Our new member is working on making a Mewtwo model for Lucario.

5:17:52 PM CptJabberwock: It won't be easy.

5:17:57 PM Warchamp2003: Model hacking is definitely on the horizon

5:17:59 PM FurCatLeon: Pharrox I THINK is making a model convertor

5:18:07 PM Warchamp2003: He's writing the repacker

5:18:13 PM zennus95: Pharrox is god.

5:18:14 PM FurCatLeon: So ... hopefully you'll see Mewtwo return soon

5:18:15 PM Warchamp2003: Pharrox is basically the guy we can thank for texture hacking

5:18:17 PM justin: awesome, and with the model hacking, does it just require more time with the code from the game?

5:18:21 PM Warchamp2003: Pharrox was the first and spread the word

5:18:22 PM zennus95: He created the basis for all our tools.

5:18:23 PM AndrouMeister: I still wonder how the **** are we gonna pull the hitdec on edited models

5:18:24 PM CptJabberwock: Of course....imagine how much more HORRIBLE STUFF we're gonn see

5:18:30 PM justin: i would imagine there's not much documentation for it :)

5:18:46 PM Warchamp2003: Not yet

5:18:49 PM zennus95: It seems like we're the only people who have quality standards anymore.

5:18:49 PM CptJabberwock: Imagine all the crappy Naruto models

5:19:00 PM zennus95: Everyone else is releasing bad Samus color edits without ZSSes to go with them.

5:19:01 PM FurCatLeon: Jim, expect Sasuke to pop up REAL soon after

5:19:07 PM Warchamp2003: Don't get us wrong, it's great seeing others taking a crack at texture editing

5:19:15 PM Warchamp2003: Theres some pretty great stuff now and then

5:19:19 PM AndrouMeister: I personally don't know anything about model hacking

5:19:24 PM FurCatLeon: Same Androu

5:19:26 PM Warchamp2003: But the same ideas over and over, done badly, get old fast

5:19:27 PM AndrouMeister: Because I don't care about it

5:19:29 PM CptJabberwock: Same.

5:19:32 PM zennus95: There's also the fact that we recruit tons of people who are in our chat.

5:19:35 PM justin: right, gotcha

5:19:38 PM FurCatLeon: I agree with WarChamp on this

5:19:39 PM zennus95: We say our awesome rubs off on them.

5:19:42 PM AndrouMeister: Like that ninja guy from Naruto on Snake

5:19:49 PM AndrouMeister: That's insulting, man

5:19:51 PM CptJabberwock: You know how many Shadow the Hedgehogs we see?

5:19:58 PM FurCatLeon: Im sick of all the dupes of things people are making

5:19:58 PM zennus95: OVER NINE THOUSAAAAAAND

5:20:03 PM Warchamp2003: Oh god Jim

5:20:03 PM CptJabberwock: It's enough to drive a man mad

5:20:04 PM justin: haha, i bet a ton of shadows :)

5:20:04 PM AndrouMeister: OVER 9000

5:20:06 PM Warchamp2003: So many Shadows

5:20:07 PM zennus95: I agree with Leon.

5:20:10 PM Warchamp2003: SOO MANY

5:20:20 PM CptJabberwock: Here a Shadow, there a Shadow
5:20:23 PM AndrouMeister: Heck! Someone even made Shadow on Pikachu! >:U
5:20:23 PM CptJabberwock: And another little Shadow
5:20:27 PM AndrouMeister: *is shot*
5:20:30 PM zennus95: That's why we have a standard in that we don't make things other people make.
5:20:30 PM CptJabberwock: Ugly Shadow, Stupid Shadow
5:20:30 PM Warchamp2003: We did that one haha
5:20:35 PM CptJabberwock: Shadow, Shadow, Chu
5:20:36 PM justin: everywhere a f*cking shadow ;) got it
5:20:36 PM zennus95: Yeah, everyone was begging for Shadow.
5:20:38 PM FurCatLeon: Next thing you know people will remake my Majora's Mask for the pure sake of them wanting it to look OFFICIAL
5:20:41 PM zennus95: And Androu made it on PIKACHU
5:20:51 PM AndrouMeister: It was a troll act of win and lulz
5:20:59 PM zennus95: LOL
5:21:02 PM AndrouMeister: Same with Jim's Metal Sonic
5:21:05 PM CptJabberwock: Metal Sonic R.O.B. got the last laugh.
5:21:06 PM FurCatLeon: I loved that PikaShadow
5:21:11 PM zennus95: Jim made Metal Sonic on ROB.
5:21:16 PM Warchamp2003: Troll and lulz can be googled for anyone out of the loop on that one
5:21:22 PM FurCatLeon: oh gawd, that almost made a internet Meme
5:21:30 PM justin: 8. What are your favorite texture mod characters? Zombie Link :)?
5:21:36 PM zennus95: omg shadow lewks just liek teh reel ting
5:21:39 PM AndrouMeister: IDK...
5:21:40 PM zennus95: but ware r his gunz
5:21:46 PM zennus95: Zombie Wario.
5:21:47 PM Warchamp2003: I'm just going to say that mIRC Falcon is better than KVIRC Falcon
5:21:49 PM AndrouMeister: Shadowchu, maybe?
5:21:50 PM FurCatLeon: Do you mean, like, ones people have made?
5:21:58 PM zennus95: President Olimar.
5:21:58 PM CptJabberwock: Yeah, Warchamp!
5:21:58 PM AndrouMeister: Shadowchu for the lulz factor
5:21:58 PM zennus95: Shadowchu.
5:21:58 PM CptJabberwock: *Highfive*
5:22:02 PM Warchamp2003: As for my favorite texture, probably Dhragen's Zero and Sigma
5:22:02 PM FurCatLeon: um

5:22:05 PM AndrouMeister: No! KVirc is better than mIRC!
5:22:16 PM Warchamp2003: Nope, mIRC is way better
5:22:17 PM FurCatLeon: I like

5:22:29 PM zennus95: We need Chatzilla Falcon.

5:22:30 PM AndrouMeister: The best is beardness
5:22:34 PM AndrouMeister: Is a kid with a beard
5:22:38 PM AndrouMeister: What else is there to see?
5:22:39 PM zennus95: Yeah, Beardness too.
5:22:40 PM FurCatLeon: gimme a minute to have a look OK?
5:22:41 PM CptJabberwock: Hold on, lemme take a look at the Roster
5:22:54 PM CptJabberwock: Dhragen's recent Masked Man
5:23:02 PM zennus95: Anyone who doesn't agree that President Olimar was one of the best things ever needs to go die in a ditch.
5:23:04 PM AndrouMeister: Vile's Jack (Mad World) is just plain out GREAT, IMO
5:23:05 PM zennus95: SHACHOOOOOOOOOOOOOOOOOOOO
5:23:09 PM CptJabberwock: Bird Person's Hero's New Clothes
5:23:11 PM justin: Are there any cool bowser mods?
5:23:16 PM zennus95: Yes.
5:23:18 PM zennus95: Zombie Bowser.
5:23:22 PM AndrouMeister: Oh! Lemme say a fun fact
5:23:27 PM zennus95: Tubba Blubba (Paper Mario)
5:23:35 PM zennus95: S has made tons of Bowsers.
5:23:38 PM AndrouMeister: Thy Elder Bowser was supposed to be that King Dododongo!
5:23:40 PM zennus95: One for every Koopaling.
5:23:45 PM AndrouMeister: But it didn't look like it
5:23:48 PM AndrouMeister: So I renamed it
5:23:56 PM CptJabberwock: As for the favorite hacks I made myself...
5:24:05 PM zennus95: I think S' Morton looks pretty sweet.
5:24:09 PM FurCatLeon: Androu's Roy S's Mewtwo Jim's Mike Jones
5:24:13 PM CptJabberwock: Gameboy Pokemon Trainer and Pappychu.
5:24:22 PM AndrouMeister: Oh Pappychu is a piece of art :O
5:24:23 PM zennus95: Gameboy Trainer was awesome.
5:24:33 PM zennus95: Mammypuff soon.
5:24:34 PM Warchamp2003: Syntax Error's Giga Dry Bowser is awesome
5:24:34 PM zennus95: Please.
5:24:36 PM FurCatLeon: I like a LOT of the stuff the team have made, its too difficult to choose a "few"
5:24:44 PM Warchamp2003: Getting that out there
5:24:50 PM justin: nice, i'll have to check out the giga dry bowser
5:24:58 PM zennus95: Syntax Error made the definitive Shadow, y'see.
5:24:58 PM FurCatLeon: well, some are more "win" than others, but there are too many
5:25:03 PM AndrouMeister: I always failed to see what was so good about Giga Dry Bowser :U
5:25:09 PM FurCatLeon: Meh
5:25:10 PM Warchamp2003: It's epic
5:25:10 PM CptJabberwock: Ohhh, I also like Bird Person's Johnny Turbo
5:25:13 PM FurCatLeon: EE are over-rated
5:25:22 PM CptJabberwock: Let's not get into]EE[

5:25:22 PM FurCatLeon: lol

5:25:22 PM Warchamp2003: Yeah, let's not

5:25:31 PM FurCatLeon: OH

5:25:32 PM AndrouMeister: I like almost everything BP has made

5:25:37 PM FurCatLeon: Glacata Knight and Sir Kibble

5:25:39 PM Warchamp2003: ALSO, TO ANYONE WHO LIKES MY MAGNETO, GET YOUR BRAIN CHECKED. IT'S GARBAGE

5:25:47 PM AndrouMeister: lol

5:25:48 PM zennus95: NO

5:25:52 PM zennus95: YOU GET YOUR BRAIN CHECKED

5:25:57 PM FurCatLeon: I like most of Jim and BP and Androus work

5:26:04 PM FurCatLeon: I like most of everyones work

5:26:05 PM CptJabberwock: OH YES I also like my Somari

5:26:10 PM AndrouMeister: TO ANYONE THAT LIKES SNEAKY ORANGE, **** YOU!

5:26:12 PM zennus95: I wonder why I didn't invite Phreeq.

5:26:14 PM FurCatLeon: I hate most of my own work though

5:26:14 PM zennus95: He's online now.

5:26:15 PM justin: ok 9. Is it possible to use the texture hacking methods for other games besides Brawl? Mario Kart? Zelda?

5:26:22 PM zennus95: Should I bring the little comatose guy in?

5:26:28 PM AndrouMeister: Yes it is possible

5:26:32 PM FurCatLeon: Mario Kart has already been done

5:26:36 PM AndrouMeister: Captain Rainbow, for example

5:26:41 PM FurCatLeon: and so has Animal Crossing City Folk

5:26:49 PM justin: Are you guys involved with it? or is Smash your main focus?

5:26:52 PM zennus95: Well, I've almost cracked Kirby Air Ride's format.

5:26:55 PM AndrouMeister: Maybe Super Paper Mario and PM:TTYD

5:26:57 PM FurCatLeon: I want to do Mario Kart

5:27:01 PM zennus95: I WANT POKEBALL VS UNMASKED METAKNIGHT DRAGRACES

5:27:05 PM FurCatLeon: I just havent got into it yet

5:27:07 PM AndrouMeister: They both can be edited with similar methods.

5:27:13 PM CptJabberwock: Brawl is pretty much our focus.

5:27:21 PM AndrouMeister: I don't wanna hack any other game

5:27:23 PM zennus95: Not really worth it though for PM games.

5:27:24 PM AndrouMeister: I don't even hack Brawl anymore

5:27:27 PM FurCatLeon: we should make a sub-site for MK hacks

5:27:35 PM justin: yeah, Brawl is the sh*t for sure

5:27:41 PM zennus95: We should make a sub-site for Air Ride hacks.

5:27:46 PM AndrouMeister: I don't even play Brawl anymore

5:27:51 PM AndrouMeister: I think I got bored of it

5:27:53 PM zennus95: I've also been trying desperately to crack Star Fox Assault.

5:28:00 PM FurCatLeon: I've grown off of it due to my prolonged exposure to it

5:28:01 PM justin: SFA would be sweet

5:28:06 PM zennus95: That game had an awesome multiplayer mode.

5:28:12 PM AndrouMeister: has*

5:28:16 PM AndrouMeister: It's Halo with furries

5:28:20 PM Warchamp2003: I don't blame Androu for getting bored of Brawl, he was one of our main testers

5:28:26 PM FurCatLeon: Halo is boring

5:28:28 PM justin: lol, halo w/ furries :)

5:28:33 PM zennus95: Yeah, I want Killer Rabbit (Monty Python) vs Red XIII snipefests.

5:28:35 PM FurCatLeon: Halo 3 is ok

5:28:41 PM Warchamp2003: Assault is nothing like Halo, Halo's multiplayer is good :!

5:28:45 PM Warchamp2003: Halo 2 at least

5:28:46 PM CptJabberwock: I don't like Halo.

5:28:49 PM CptJabberwock: ...well

5:28:49 PM FurCatLeon: but Halo 1+2 CAN DIE IN A DITCH

5:28:52 PM Warchamp2003: Halo and Halo 3 are garbage in my opinion

5:28:52 PM CptJabberwock: I never played it.

5:29:04 PM CptJabberwock: But it's overrated.

5:29:05 PM FurCatLeon: ENOUGH OF HALo

5:29:08 PM CptJabberwock: WOO TANGENT.

5:29:08 PM AndrouMeister: I turned this into a Halo discussion

5:29:14 PM AndrouMeister: May my topic changing powers live!

5:29:15 PM Warchamp2003: Tangents are awesome

5:29:22 PM FurCatLeon: THIS IS SMASH, NOT HALO FAGGOTRY

5:29:31 PM Warchamp2003: brb hacking Samus into Masterchief

5:29:35 PM CptJabberwock: But what about the 1000000 Samus Master Chiefs?

5:29:44 PM AndrouMeister: No Leon

5:29:45 PM FurCatLeon: I made a VERY BAD one

5:29:46 PM AndrouMeister: THIS IS AIM

5:29:47 PM Warchamp2003: ah ah ah, 1000001

5:29:51 PM justin: ok, last question: 10. Any closing thoughts? How can people get involved with texture hacking? Do you want more people to get involved :)?

5:30:00 PM FurCatLeon: I dont want them involved

5:30:01 PM zennus95: Last question?

5:30:03 PM zennus95: awwwwwwwwwwww.

5:30:08 PM FurCatLeon: I might puke my guts up again

5:30:11 PM CptJabberwock: I welcome anyone who doesn't MAKE A SHADOW.

5:30:17 PM zennus95: I want more people to get involved as long as they don't suck.

5:30:20 PM CptJabberwock: Guys, we don't need any more Shadows.

5:30:21 PM CptJabberwock: Ever.

5:30:22 PM CptJabberwock: EVER.

5:30:28 PM zennus95: We have enough Shadows thanks.

5:30:29 PM AndrouMeister: People can go to Smash Costume Hacking Community

5:30:30 PM FurCatLeon: We dont need anything do we?

5:30:33 PM AndrouMeister: Or KittyCorp

5:30:33 PM zennus95: Yeah.

5:30:36 PM justin: No more shadows. Check :)

5:30:37 PM Warchamp2003: Alright kids, it's time for the talk. If you're gonna hack Brawl, there is enough Narutos and Shadows to go around

5:30:40 PM zennus95: Androu plug it here.

5:30:42 PM CptJabberwock: <http://stacksmash.cultnet.net/communitycostumes/123forum/phpBB3/index.php>

5:30:45 PM CptJabberwock: Go there!

5:30:49 PM FurCatLeon: Can't we have solo interviews?

5:30:50 PM CptJabberwock: That is the SCHC!

5:30:53 PM CptJabberwock: Meet other people!

5:30:54 PM zennus95: That site is the definitive Smash community.

5:30:55 PM Warchamp2003: Not for you Leon

5:30:57 PM justin: ok, I'll definitely link to you guys for sure
